DETAILED ACTION

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action. See or refer for this rejection to prior Office Action dated 08/25/2009 which is maintained in its entirety except for claims 15 and 40 which have been cancelled by the applicant in the previous office action

Response to Arguments

1. Applicant's arguments filed 5/22/2009 have been fully considered but they are not persuasive. Applicant argues that Lin does not disclose a linear stage, but only a rotating stage for producing rotating motion.
2. Examiner disagrees because, as pointed out in previous office action dated 8/25/2009, Lin discloses a linear movement stage for producing linear movement (see col. 2, lines 40-61, col. 1, lines 45-50).
3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
